**Look for the Star! Buy a qualified ENERGY STAR Clothes Washer and get \$50 off your purchase from your participating municipal electric utility through this mail-in rebate.**

ENERGY STAR qualified clothes washers:

- Save an average of 20 gallons of water per load, saving you money on heating less water.
- Use 30-40 percent less energy per load, making it cheaper to run.
- Spin your clothes drier, making your dryer cheaper to run.
- Save you money on clothes because the tumbling action (vs. agitation) is gentler on clothes.
- Are quieter than a conventional washer operating on normal cycle.
