

| Water Cooled Scroll or Screw Chillers (Must meet full load and part load efficiency requirements.) | | | |
|---|-------------------------------|--|------------------|
| Description | Size Range | Minimum AHRI Efficiency | Incentive |
| AA | Tier 1 : <75 tons | 0.668 kW/ton full load (FL) 0.455 kW/ton part load (IPLV) | \$40/ton |
| AB | Tier 2 : <75 tons | 0.58 kW/ton full load (FL) 0.41 kW/ton part load (IPLV) | \$45/ton |
| AC | Tier 1 : ≥ 75 to <150 tons | 0.732 kW/ton full load (FL) 0.478 kW/ton part load (IPLV) | \$40/ton |
| AD | Tier 2 : ≥ 75 to <150 tons | 0.713 kW/ton full load (FL) 0.466 kW/ton part load (IPLV) | \$45/ton |
| AE | Tier 1 : ≥ 150 and < 300 tons | 0.663 kW/ton full load (FL) 0.429 kW/ton part load (IPLV) | \$40/ton |
| AF | Tier 2 : ≥ 150 and < 300 tons | 0.646 kW/ton full load (FL) 0.418 kW/ton part load (IPLV) | \$45/ton |
| AG | Tier 1 : ≥ 300 to 600 tons | 0.61 kW/ton full load (FL) 0.40 kW/ton part load (IPLV) | \$30/ton |
| AH | Tier 2 : ≥ 300 to 600 tons | 0.594 kW/ton full load (FL) 0.390 kW/ton part load (IPLV) | \$35/ton |
| Water Cooled Centrifugal Chillers (Must meet full load and part load efficiency requirements.) | | | |
| Description | Size Range | Minimum AHRI Efficiency | Incentive |
| AI | Tier 1 : <150 tons | 0.695 kW/ton full load (FL) 0.440 kW/ton part load (IPLV) | \$30/ton |
| AH | Tier 2 : <150 tons | 0.66 kW/ton full load (FL) 0.418 kW/ton part load (IPLV) | \$40/ton |
| AK | Tier 1 : ≥ 150 to <300 tons | 0.635 kW/ton full load (FL) 0.40 kW/ton part load (IPLV) | \$25/ton |
| AL | Tier 2 : ≥ 150 to <300 tons | 0.603 kW/ton full load (FL) 0.38 kW/ton part load (IPLV) | \$35/ton |
| AM | Tier 1 : ≥ 300 and < 400 tons | 0.595 kW/ton full load (FL) 0.39 kW/ton part load (IPLV) | \$20/ton |
| AN | Tier 2 : ≥ 300 and < 400 tons | 0.565 kW/ton full load (FL) 0.371 kW/ton part load (IPLV) | \$30/ton |
| AO | Tier 1 : ≥ 400 to 600 tons | 0.567 kW/ton full load (FL) 0.369 kW/ton part load (IPLV) | \$15/ton |
| AP | Tier 2 : ≥ 400 to 600 tons | 0.556 kW/ton full load (FL) 0.369 kW/ton part load (IPLV) | \$20/ton |

| Chiller Ice Storage | | | |
|---------------------|---------------------|----------------|-----------|
| Description | System Type | Size Range | Incentive |
| ISAA | Air-Cooled | <150 tons | \$325/ton |
| ISAB | Air-Cooled | >150 tons | \$325/ton |
| ISWA | Water-Cooled | <75 tons | \$200/ton |
| ISWB | Water-Cooled | 75 to 150 tons | \$180/ton |
| ISWC | Water-Cooled | 150-300 tons | \$165/ton |
| ISWD | Water-Cooled | 300-600 tons | \$200/ton |
| ISCA | Centrifugal Chiller | <150 tons | \$165/ton |
| ISCB | Centrifugal Chiller | 150-300 tons | \$165/ton |
| ISCC | Centrifugal Chiller | 300-400 tons | \$150/ton |
| ISCD | Centrifugal Chiller | 400-600 tons | \$150/ton |

To qualify for this rebate, ice storage systems must meet the following conditions:

1. Ice capacity in ton-hours must be sufficient to meet the entire cooling load from 1:00 pm to 8:00 pm on a design day.
2. The building control system must prioritize the use of stored thermal energy over chiller operation during peak hours (1:00 pm to 8:00 pm on weekdays, June 1 through September 30).
3. The planned occupancy and/or production cannot regularly decrease in the zones served by the ice storage system during weekdays June 1 through September 30.

Attach a signed statement from the vendor stating that conditions 1-3 will be met. Systems that do not meet all three conditions are not eligible for this ice storage rebate, but may qualify for a custom rebate.

ELIGIBILITY:

- These incentives are offered by Missouri River Energy Services and its participating members. For questions regarding eligibility, call your local utility listed on the cover page of this application.
- Commercial, industrial, and governmental customers who purchase electricity from The Utility are eligible to participate in the Bright Energy Solutions® Food Service Incentive Program. Eligible equipment must be connected to an electric service billed under a commercial or industrial rate class by The Utility. Excludes equipment for residential spaces such as apartments.
- Customers that self-generate more than 5% of their annual energy needs are not eligible for BES rebates. The Bright Energy Choices green energy program can help customers achieve net-zero carbon or 100% renewable power supply without self-generation. Contact your utility for more information.
- This program is applicable only to equipment that meets the detailed equipment specifications and requirements described in this application. The Utility will determine, in its discretion, whether such specifications and requirements are satisfied.
- Customers may not receive more than one incentive for each piece of equipment installed under this program or any combination of Bright Energy Solutions programs.

TERMS AND CONDITIONS:

1. **Incentive Offer:** Projects, including all required installation, must be completed by December 31 of the year listed on this form. A signed application and itemized invoices for materials and labor must be submitted to the participating utility at the address located on the cover page of this application **within 90 calendar days of project completion**. Please keep a copy for your records.
2. **Proof of Purchase:** This application must have complete information and be submitted with an invoice(s) itemizing the new equipment purchased and labor costs. The invoice(s) must indicate date of purchase, size, type, make, model and total project cost. The AHRI Certificate of Product Ratings must also be provided where applicable and available. In cases where the AHRI Certificate of Product Ratings is not available or applicable the manufacturer (OEM) specification sheets must also be included.
3. **Compliance:**
 - a) All projects must comply with federal, state, and local codes.
 - b) All equipment must be new or retrofitted with new components per the program specifications. Used or rebuilt equipment is not eligible for incentives. Existing equipment must be removed and properly disposed of.
 - c) Equipment must meet specification requirements and be purchased, installed and operating prior to submitting an incentive application.
 - d) Equipment must not be used to qualify and receive payment for energy savings from any wholesale electricity market.
 - e) Customers may only receive one incentive per piece of qualifying equipment.
 - f) **All projects for which more than \$20,000 in incentive payments is sought must be approved by The Utility prior to the commencement of the project.** Receipt of pre-approval does not guarantee incentive payments will be made. Incentive payments will be made only upon the customer's satisfaction of all terms and conditions of this program.
 - g) All terms and conditions of this application must be satisfied by the customer.
4. **Payment:** Once completed paperwork is submitted, incentive payments are usually made within 4-8 weeks. Incomplete applications will either delay payments or be denied. The Utility reserves the right to refuse payment and participation if the customer or the customer's contractor violates program rules and procedures.
5. **Inspection:** The Utility may conduct an inspection of the customer's facility to survey any installed projects. All projects exceeding \$10,000 of incentives will be inspected prior to incentive payment. The Utility may inspect customer records relating to incentives sought by the customer.
6. **Information Sharing:** The Utility reserves the right to publicize your participation in this program, unless you specifically request otherwise in writing. Information contained in this application may be shared with state boards, commissions, departments, and other Bright Energy Solutions participating utilities.
7. **Program Discretion:** Incentives are available on a first-come, first-served basis. This program and its incentive amounts are subject to change or termination without notice at the discretion of The Utility. Neither pre-approval of a project, nor any other action by The Utility, will entitle a customer to an incentive payment until the application is finally approved by The Utility. The Utility reserves the right to load manage (cycle on or off) customer equipment that qualifies for incentives under this program.
8. **Logo Use:** Customers or trade allies may not use the name or logo of Bright Energy Solutions, The Utility, or any other participating utility in any marketing, advertising, or promotional material without written permission.
9. **Disclaimers:** The Utility
 - a) does not endorse any particular manufacturer, product, labor or system design by offering these programs;
 - b) will not be responsible for any tax liability imposed on the customer as a result of the payment of incentives;
 - c) does not expressly or implicitly warrant the installation or performance of installed equipment or any contractor's quality of work (contact the equipment manufacturer or contractor for warranties);
 - d) is not responsible for the proper disposal/recycling of any waste generated as a result of this project;
 - e) is not liable for any damage, injury, or loss of life arising from or relating to the removal, installation, or operation of any equipment, or any other action taken by the customer or The Utility, in connection with a project undertaken by the customer under the programs described in this application;
 - f) does not guarantee that a specific level of energy or cost savings will result from the implementation of energy efficiency measures or the use of products funded under this program.

INCENTIVE LIMIT:

- **Eligible customers may purchase and install qualifying equipment and receive an energy efficiency incentive of up to \$100,000 per customer, per calendar year.** Payments for larger incentives may be allowed at the discretion of The Utility.
- An incentive exceeding \$20,000 must receive written approval from The Utility BEFORE project commencement.
- Total incentive will not exceed 75 percent of the project cost, including installation. If self-installed, incentives for items of equipment can be up to the purchase price of a specific item, but shall not exceed the Bright Energy Solutions incentives set by Missouri River Energy Services.
- Incentives for particular items of equipment and/or systems are limited as set forth in this application.
